ASTIGMATISM.

What it Is, and How Corrected.

A description of Irregular Vision is one of the most common of all the refractive errors. It is due to the irregular curvature of the film known as the Cornea. Of course no instrument is sufficient to correct it, but in the hands of a thoroughly efficient and competent Eye specialist the ophthalmometer reveals the exact condition of the eye in a way no physician can. If you have eyesight attention have DR. T. T. JOHNSON to put them under this wonderful treatment. Office hours 8:30 to 12:30; 2 to 6. 302 S. Elm St.

RECEPTION AT G. F. COLLEGE.
Complimentary to the Class of '99.
A Delightful Evening.

Amid the hum of life's busy whirr, the hurry and bustle and clash of business, there are things constantly coming within the grasp of us all, which, if taken advantage of, will lighten our care, brighten our minds and make us feel young again. In the college life there are times when the student takes a rest and one of those times occurred at Greensboro Female College last night when a reception was tendered the class of '99 by the Faculty and Board of Directors. The graduates in the regular courses this year are Miss Grizzelle Burton, Lizzie Hadley, Myrtle Chapman, Eva Heitman, Eva Williams, Jeanie Webb and Lizzie Wynne; in music: Miss Lucy Bowden, Mary Gibson, Elma Cole and Bertha Weatherbee.

These young ladies, having finished their college work, entered into the pleasures of the evening with a feeling of freedom and the joy of youth—not so all of them. They enjoyed the evening with feelings of thankfulness that they were thus permitted to mingle with, and gaze upon, such scenes of loveliness and beauty, and were grateful for an opportunity to once more feel young again. (The writer was present himself.)

The parlors of the college were thrown open and brilliantly lighted and decorated in the college colors. A large number of young men accepted the invitation to be present. Delicious cream and cake was served, though it was not necessary to sweeten the occasion. Dr. Peacock, Prof. Smoot and the charming corps of efficient lady teachers were at their best and each guest was almost made to feel as if everything was for his sole enjoyment.

Attracted by an exceedingly large and handsome floral design of lovely roses, as we stood watching them, a young lady noticed our interest and remarked: "They were presented by Capt. and Mrs. J. A. Odell, who feel such a great interest in the college. They are truly noble people, and we regret so much that they are not with us tonight."

But every lane, no matter how high the fences are enwrapped in honeysuckles and how sweet the perfume, must have a turning and the enjoyment of the evening was interrupted by the cruel stroke of eleven o'clock when we scarcely thought it ten. The commencement exercises of this grand old institution will take place next Tuesday and Wednesday. The program will be announced in these columns.

KAUTZ TO BE RECALLED

For Writing That Boastful Letter to His Cincinnati Cousin.

By Wire to THE TELEGRAM.

Washington, May 26—It is stated today that Admiral Kautz will be recalled on account of the letter he wrote to his cousin at Cincinnati, indiscreetly speaking of himself as the King-maker at Samoa while the German consul was his silent, very silent, partner. The Germans have made no protest, but are highly displeased.

It is intimated that Kautz's recall will be pleasing, and that certain German officers will also be recalled, after which negotiations for the settlement of the Samoa difficulty will proceed without friction. Capt. Goodrich, on the Newark, will take the place of flagship.

COL. CARR'S ADDRESS.

We shall not attempt to make extracts from Col. Carr's address. It was one of the most logical and exhaustive speeches ever delivered in the state, and was full from beginning to end with valuable, candid and frank advice to the colored man. While he did not neglect to praise the negro for his good works and intellectual and industrial progress the speaker told him frankly of his shortcomings and faults.

COL. CARR'S ADDRESS.

The address before the graduating students of the colored A. & M. College of this city, last night, was the effort of a master of his subject. Incorporated and interwoven throughout its body was the one great principle, namely, that solely in the colored man of character, morality and education is vested the power of solving the race problem, bringing the colored man and his white brother into closer friendship, and restoring the dignity and safety of the law, which has been dethroned by mob violence not only in the south, but all over our country, and which, if not speedily enthroned and its majesty sternly maintained, must eventually precipitate appalling consequences. Carefully prepared, exhaustive in detail, faultless in reason, wisdom and advice, the address summed up the past history of the negro race, depicting scenes that were painful to the colored men and scenes of which they felt proud, holding up to them as examples of emulation Booker T. Washington and J. C. Price, noble representatives of their race. He said that moral regeneration and a higher plane of social life were the hope of the colored race, and that their teachers and preachers must set themselves to the great but hallowed task before them of educating the public sentiment of their people against the evils whose end is certain ruin.

The address was splendid throughout, delivered with telling force, but in a friendly and kindly tone, and was accepted by the vast audience in the spirit in which it was given, because it is known that the colored man has no greater friend in North Carolina than Col. Julian S. Carr.

THE PHILIPPINE SITUATION.

General Lawton's division is returning from San Isidro, the extreme point reached during its recent campaign, and some of the troops have already arrived at Malolos. The division marched 120 miles in twenty days, through a most difficult country; it engaged the enemy twenty-two times, and captured twenty-eight towns; it covered itself with glory, and lost but six men killed—but it did not succeed in driving the Filipinos to a point where, with the co-operation of Gen. MacArthur, the whole insurgent force could be captured. The enemy has slipped our grasp and the American army returns to its moorings to await the dry season beginning in November.

During this interim the rebels will in all probability re-occupy the points which our troops shall be forced to abandon on account of the distressing weather.

Regarding the unconditional surrender demand of the American general and the Philadelphia Record says:

"General Ochs is evidently not in a position to enforce his ultimatum. We have accomplished a little more in the past three months, perhaps, than the Spaniards would have done in a similar period of time; but we have learned also that the conquest of the Philippines involves something more than a military picnic. The rose-colored reports concerning the disintegration of the insurgent forces have apparently been far too optimistic, and it will probably require another hard campaign to fight the insurgents to a standstill."

Upon the whole the outlook for peace in our eastern provinces is not very rosy, and thousands of men must yet live up their lives and millions of money be sunk before the fires of liberty burning in the Philippines shall have been quenched by the imperial hand of America.

The Charlotte Observer has a just contempt for the latter-day pronunciation of "programme."

The way we spell "program" in this shop is p-r-o, pro, g-r-a-m-m-e, grammar and the way we pronounce it is, program. Commencement announcers, please N. B. Your pronunciation is unjustifiable even if you spell it "program," because you don't say "epigram" or "diagram," do you?

Captain Coglan is just beginning to recover from his pouting spell and remarks that the only person to whom a naval officer can speak his mind is the cook, or the washwoman, and then he must carefully shut the front door.

COMMITTEE ON HISTORIES.

Called to Meet in Richmond on the 5th of June.

Richmond, Va., May 25.—Some time ago individual members of the History Committee of the Virginia Grand Camp of Confederate Veterans were appointed to review the various school histories on the market and to write out their views regarding the same.

This work has now been completed and in order that the results may be made known, the committee has been called to meet in this city June 5th, "to receive written reports and formulate a report to the Grand Camp."

How to Look Good.

Good looks are really more than skin deep, depending entirely on a healthy condition of the vital organs. If the liver is inactive you have a bilious look; if your stomach is deranged you have a dyspeptic look; if your kidneys are affected you have a languid look. Secure good health and you will surely have good looks. "Electric Bitters" is a good alterative and tonic. Acts directly on the stomach, liver and kidneys, purifies the blood, cures pimples, blotches and boils, and gives a good complexion. Every bottle guaranteed. Sold at C. E. Holton's drug store. 50 cents per bottle.

ELECTIONS IN VIRGINIA.

A Light Vote With Democrats Generally Successful.

Richmond, Va., May 25.—Elections for county officers were held in all the counties in Virginia today, and some of the towns and cities also voted for one or more municipal officers. In many counties the democrats had no opposition; in others party lines were not strictly drawn, and the vote as a rule was very light. As a rule also, where there were contests the democrats were successful but not enough interest generally was taken in the election to give it any significance.

Boils and Pimples Give Warning.

AN UNFAILING SIGN THAT NATURE IS APPEALING FOR HELP.

When Nature is overtaxed, she has her own way of giving notice that assistance is needed. She does not ask for help until it is impossible to get along without it. The system is overtaxed when the system is accumulating impurities which must be gotten rid of; they are an urgent appeal for assistance.

To neglect to purify the blood at this time means more than the annoyance of painful boils and unsightly pimples. If these impurities are allowed to remain, the system becomes weak and ordinary illness, and is unable to withstand the many ailments which are so prevalent during spring and summer.

Mrs. L. Gentile, 2004 Second Avenue, Seattle, Wash., says: "I was afflicted for a long time with pimples, which were very annoying, as they disfigured my face fearfully. After using many other remedies in vain, S. S. S. promptly and thoroughly cleaned my blood, and now I rejoice in a good complexion, which I had before."

Capt. W. H. Dunlap, of the A. G. S. R. R., Chattanooga, Tenn., writes:

"Several boils and carbuncles broke out upon me, causing great pain and annoyance. My blood seemed to be in a riotous condition, and nothing I took seemed to do any good. Six bottles of S. S. S. cured me completely and my blood has been perfectly pure ever since."

We have no complaints from our customers against the Mrs. Jane Hopkins Make of Children's Clothing—they must be values

We have made our selection of Fall patterns and the goods will be put to work as rapidly as the mills can turn them out.

We have yet a strong line of patterns and sizes in Spring Suits, ages 3 to 16 which we will from today on, offer to the trade at reduced prices.

We omit purposely saying what the reduction will be, but assure you it will be a pleasant surprise.

ARE WE COMING?

New Hotel to Cost \$100,000 to Be Erected in Greensboro Soon.

The Telegram learns directly from a gentleman who is interested, being one of the chief promoters of the new concern, that a new hotel is to be erected in Greensboro at no distant date.

It is to cost \$100,000, of which amount \$22,500 has already been subscribed.

As soon as \$60,000 has been

subscribed work on the building will

be commenced and pushed to rapid completion.

The location will not be selected until a meeting of stockholders is held.

What will make the hotel of double value to Greensboro

is that business men in all parts of the state and even beyond its borders will be interested.

Most of the stockholders

will be travelling men who have

studied Greensboro's future and be-

lieve that it is the coming town of the state. What next?

WHAT GOLDSBORO SAYS OF CAPT. DICK.

Never before in the history of Goldsboro has a production by local talent been better rendered or more favorably received than the performance of Bertram and Willard's military play, "Captain Dick," at the opera house last evening. The entire cast seemed to catch inspiration from the eager applause and it would have taken the eye of a severe critic to have found an amateur on the stage. Bertram and Willard have made many friends in Goldsboro whose best wishes will attend them wherever they go.

ARRANGING FOR RATES.
